RE: Louisville Water Company Bidder Pre-Qualification

Dear Mr. Boughey

We are pleased to inform you that your company has been approved for a financial upgrade. The new pre-qualification maximum contract ceiling determined for your firm is listed below on this letter along with previously approved categories.

**Maximum Contract Ceiling Amount: \$3,798,565.00**

The type(s) of work for which you are authorized to bid is stated below:

**CategoryName**

Electrical

Your firm cannot bid over the maximum contract ceiling amount. The maximum contract ceiling indicated above and type(s) work authorized were established by Louisville Water Company based upon information submitted by your firm on our standard form for pre-qualifying contractors, evaluation summaries from references for which you previously performed work and financial information. Pre-qualification categories for which you did not submit references but placed checkmark(s) as interested in performing the work cannot be applied until references are submitted.

If you believe that your firm is qualified to do work other than that which has been approved, or a substantial change in experience or financial position has been realized which may affect these values, you may request in writing a re-examination and evaluation by Louisville Water Company. Be reminded of the Equal Employment Opportunities Requirements when bidding for work with the Louisville Water Company and the requirements relative to affirmative action. If you have not already done so, please submit a copy of your firm's affirmative action plan.

The Company reserves the right to modify, re-evaluate, suspend or terminate a contractor's pre-qualification status for but not limited to any one or more of the following reasons:

- a) Available new information indicating material change in contractor's situation from that which existed at the time of pre-qualification approval.
- b) The Company's experiencing ongoing disputes with the contractor on an existing project.
- c) Ongoing problems between the contractor and his creditors necessitating incurrence of Company time and expense.
- d) Failure to provide updated pre-qualification information as requested.

You are further advised that the Company shall review bi-annually this prequalification rating which shall be adjusted to the contractor's current position as determined by the Company.

Sincerely yours,

A handwritten signature in cursive script that reads "Susan McNeill". The signature is written in black ink and is positioned above the typed name.
